

# RISK ASSESSMENT – TRAINING

## DURATION

1/2 day

## COST

£50.00 per person

## OBJECTIVE

At Kaizen Safety or within your own premises, we will deliver a package of training covering theory and hands on real-life assessments of your own work. This will illustrate hazards and risks and potential solutions bearing in mind, the time, effort and costs.

## TARGET GROUP

Within all Industries on a world-wide basis lies hazards and risks associated with minor to major, routine to non routine tasks. Unfortunately, many companies have faced prosecution due to incidents that occur within the work place. This, historically has been due to many reasons, whether its been due to lack of risk assessments in place, non-compliance with risk assessment and insufficient or unsuitable risk assessments, just to name a few.
